Its strong commitment to excellence in research is reflected by the perusal of its funding as individual research grants from extramural sources from different funding agencies (DST, UGC, DBT, etc.) and as institutional grants under various schemes e. g. DRS, SAP, FIST, ASSIST, PURSE, etc. Outstanding research work has been rewarded with national and international recognition and awards. The University has a number of partner universities across the world with which active collaboration for research and student/faculty exchange is to be encouraged.

To enhance and promote the quality of academic and research activities specifically tailored to suit the regional and national needs of the country and also improve the ranking of the university at the national and international level, it is desired to create a conducive environment for the research.
